Is It a Surprise

Why this Store Sells More Goods than Any Other?

In spite of the bad weather Saturday, our store was continually crowded with enthusiastic buyers. Its reason is simply because when we promise reductions in prices the public places full confidence in our ads, knowing when they call they get the stuff just as advertised.

All Our Winter Goods Must Be Closed Out to Make Room For New Spring Goods.

T. H. CLARK FOR ALDERMAN 3RD WARD

T. H. Clark authorizes the News to announce him as a candidate for alderman from the Third Ward, subject to the Democratic primary.

Mr. Clark has lived in this country for the past twenty years and at Ada eight years. He is familiar with the conditions prevailing here and the needs of the city. He is at present a member of the council, having been appointed to fill out the un-

expired term of Geo. West. Mr. Clark enjoys the confidence and respect of all who know him, and can be of great service to the city if elected for another term.

FIRE ENGINES TO DRIVE SAND FROM MAINS

Oklahoma City, Feb. 23.—For several hours Wednesday the city was almost without water because of a raise in the Canadian river which caused sand to block the intakes at the pumping station. The Packingtown fire engine was sent to the station and after some time the sand

was blown away and shortage stopped.

According to Fire Chief M. H. Kesler the trouble Wednesday occurs every time the river rises. The sand accumulates in the pipes and the pumps refuse to work.

On account of Wednesday being a holiday many of the manufacturing plants were closed, so comparatively little complaint was heard.

To buy without having read the ads is to proceed on the theory that there is no advantage in knowing things, over merely assuming them. 270-11

BURGLARS MAKE HAUL

BREAK INTO GROCERY STORES
OF L. J. LITTLE AND SAND-
ERS & SON.

LITTLE LOSES ABOUT \$256

Nothing Disturbed at Other Places.
Reward Will Be Offered for
Thieves.

Last night burglars entered the grocery stores of L. J. Little, Sanders & Son and the office of Dr. T. H. Granger over the First National bank and from the first named secured \$256 in money and checks, about \$200 of which was cash. Nothing was missed from the other two places.

The burglars broke into a tool chest at the old Grand Leader building where carpenters are at work and chisels taken from it with which they did their work. It was shortly before mid-night when the discovery was made at Dr. Granger's office. The thieves had pried the door open, breaking the fastenings on the inside. They pried up a window in the rear of Little's place and as his safe was not locked easily effected an entrance to his safe. Yesterday being holiday Mr. Little had of course been unable to make a deposit. He had collected \$120 from one man during the day and the remainder of his loss represented sales. The burglar left his chisel behind in his hurry. Nothing except the safe was disturbed.

At the Sanders store the thief or thieves had evidently tried to scrape the putty from a pane in the rear window but had broken the pane before completing the job and had then crawled through the opening. The cash drawer was opened, but there was only a quarter in it and that was overlooked.

Officers have been at work all day on the case and it is very probable that a liberal reward will be offered by the business men of the town for the apprehension of the guilty parties. Of course the officers will not give out anything about what they have secured in the way of evidence, but something may develop at any time.

ADA TO THE FRONT AS AN AUTO CENTER

The automobile fever seems to have arisen in Ada the past few weeks so much so that about six cars have been sold since the first of February.

Mr. F. H. Clark of the E. M. F. Oklahoma City Co., who has been here for the last two weeks has sold three Studebaker cars and ordered another for prompt delivery.

Dr. Hartman started the ball rolling by buying a Studebaker Flanders roadster and Mr. Geo. Frierson

and Mr. Ramsey each buying Studebaker E. M. F. 30s.

A carload of Buicks are expected daily and undoubtedly there will be twenty-five automobiles sold here within the next thirty or sixty days.

A new garage will be opened here about the first of March to take care of the wants of automobile owners and all around, Ada will soon be a big auto town as well as along other lines.

J. A. PRINCE FOR ALDERMAN 3RD WARD

J. A. Prince authorizes the News to announce him as a candidate for alderman from the Third Ward. Mr. Prince has lived in Ada for the past two or three years, long enough to be familiar with the affairs of the city. He is well known to the citizens of his ward and will be a formidable rival to some of the other candidates. Most of the time he has lived here Mr. Prince has run a wood yard, in which capacity he has come in contact with a good share of the citizenship of the town.

School Houses in no Danger.
For sometime rumors have been going the rounds to the effect that both the south and the north school houses are in grave danger of falling. A representative of the News has talked with both Supt. Robison and members of the school board and from what can be learned there is little ground for the rumors. At one corner of the south school the foundation has settled slightly, causing a small crack to appear in the wall, but it is not enough to pay any attention to, and the north school building is as solid as it ever was.

Attention Home Builders--Opportunity Extraordinary

We will, until the 1st day of March, 1911, offer for sale at ATTRACTIVE PRICES, desirable resident property in either DONAGHEY, NORMAL HEIGHTS or CAPITOL HILL Additions. IF PURCHASER DESIRES, we will give TERMS ON LOTS and will LOAN MONEY TO ASSIST IN BUILDING RESIDENCE.

This property is located in the most desirable residence district in the city, where values are steadily advancing, and where values will continue to advance, even though a hull may reach other localities in the city.

IF YOU WANT A HOME call on us at once and let us show you this property. Don't wait until another rise comes when Byrd's Mill Water reaches the city.

HEALTH AND BEAUTY QUESTIONS AND ANSWERS

By Gwendolen

LOUISE: Your mother has a right to object to your using just any and every thing for your complexion—it is dangerous. For that oily complexion I would suggest Rexall Disappearing Cream—I think Gwin & Mays Co. have it—and for your chapped hands and lips, and to produce a white, velvety skin use Gwin's Favorite Cream in connection with Rexall Disappearing cream.

Mrs. X: Dandruff can readily be removed by shampooing once every two weeks with Rexall Shampoo Jelly. The hair can be kept soft and velvety and have that fresh, wholesome odor if you use "93" Hair Tonic—Gwin & Mays Co. have it—and it comes in 50c and \$1.00 bottles.

Mayme: Yes, I know what is best for corns—Old Shoe Corn Relief is the best thing I ever heard of to remove corns. If it is a soft corn, buy some small corn pads, apply one over corn and touch up the corn, in the doughnut-like center with Iodine. You can get Old Shoe Corn Relief from Gwin & Mays Co. for 25c a bottle and they guarantee it to give satisfaction. When your feet get tired out sprinkle Rexall Foot Powder in the shoes or bathe the feet in Tiz.

HUNTING POSSUMS WITH ROMAN CANDLES

How Texans Always Get Their Meat.

Abilene, Tex., Feb. 22.—Possum hunters in the "Abilene country" have adopted unusual methods to capture the little animal that goes so well with sweet potatoes.

Whenever a possum hikes to his favorite persimmon tree and blinks at the pursuing dogs, the hunters shoot at him with Roman candles. The fireworks usually frighten the animal into tumbling from his roost, but should this method fail, Maltese cats, which are taken along for emergencies, are sent up the tree.

The cats box the possum's ears until he is forced to leap to evade the onslaught. When the quarrels in the midst of the pack of dogs there is either a spirited fight or the possum feigns that he is dead and is captured.

FAMOUS INDIAN DIES FROM DRINKING TONIC

Spokane, Wash., Feb. 23.—Drinking copiously of liniments and a concoction of alcohol and cocaine, used by the Indians as a hair restorer, proved the undoing of George Moses, friend of the early white settlers in eastern Washington and Oregon and northern Idaho and foremost in the councils of the Nez Perce tribe.

Moses, who a few days before had proclaimed himself a Messiah, died a raving maniac in his home on Toms Beall creek, six miles from the Indian agency at Lapwai, Idaho, on February 12. He was roped and strapped to his bed when the end came. Mrs. Moses, who also had used the drugs, is violently insane and may not recover.

Funeral services over the dead headman were accompanied by the ceremonials of the tribe. The sermon was delivered by Rev. James Hayes, a native pastor of the Indian church, in Indian Presbyterian church at Joseph. The funeral was

attended by Indians from many parts of the Northwest, also many white men and women. Burial was made in the little cemetery on the bank of the Clearwater river, within a few feet of the grave of Rev. Henry H. Spalding, pioneer missionary, who came west with Dr. Marcus Whitman.

Several days before his death Moses, while posing as "king of the kings," summoned the Indians to his throne and pronounced judgment on each, decreeing that some should be blessed and others consigned to purgatory. Many of the Nez Perce Indians believe that Moses was possessed of supernatural powers.

Moses was looked upon as second to Chief Joseph, declared to be the ablest man the Nez Perce tribe has produced. He was identified with the Lapwai faction, which refused to join Chief Joseph in the hostilities against the whites in 1877-8, when the reds led General O. O. Howard such a lively chase in the Northwest.

Dispute About Wheat.
Oklahoma City, Ok., Feb. 23.—A very radical difference of opinion seems to exist among experienced wheat growers as to the chances for a wheat crop this year. Some of them claim that the recent rains will have no effect whatever on the wheat which had not already germinated, while others assert with equal positiveness that it is possible for wheat to sprout yet and produce a good crop. A similar difference of opinion prevails in regard to the stand which could be secured, in case the wheat does sprout now. The general idea is that the wheat must sprout in the fall and "stool" in order to spread sufficiently to make a good crop, while a small minority claim that the process is not essential to a good yield.
It is agreed that where there has been enough moisture in the ground to get the wheat started at all when it is first planted, the rains will bring it out in good shape, but where it had not germinated the results are very doubtful.

EXIT GEORGE GOULD.

The relinquishment of the presi-
dency of the Missouri Pacific Rail-
road by George Gould marks the
passing from the transportation field
in the United States of a family that
has long been a dominating factor.
George Gould leaves behind him a
record of failure, to be sure, but at
the same time he goes with an un-
smirched character, no taint such as
sullied his father's business ways at-
taching to the son.

The present head of the house of
Gould owes his demotion entirely to
his preference for the social side of
life. The head of a great industrial
corporation, he has devoted his time
to yachting, polo, and other pastimes
while the railroad of which he was
the executive head was left to shift
for itself under the direction of in-
competent or careless officials. That
his underlings followed the example

of their chief is small wonder.
"When the cat's away the mice will
play" is as true in the business
world as in the pantry. The pressure
from the large interests which were
deeply interested in the Missouri Pa-
cific was only natural. Mismanage-
ment such as had long existed under
the Gould regime spelled disaster,
and the big bankers applied correc-
tive pressure. Mr. Gould could no
longer play at being master, and he
declined to take orders, so he got
out. The railroad world has lost noth-
ing—probably is the gainer—and Mr.
Gould can now devote himself to the
things that appeal to him as real ef-
fort never did.—Tennessean.

LOOKING ON THE BRIGHT SIDE.

Oklahoma City is not the only
place in the southwest that is con-
fronted by a tough water proposition
and this city is not as badly off as
many of them.—Oklahoma City Times.
The Times is simply doing like any
one else in the middle of a bad fix—
trying to get some consolation out
of the fact that others are in a worse
plight than Oklahoma City. It is al-
ways well to take a cheerful view of
a bad situation, but in a little while
Oklahoma City will have to look
elsewhere for its consolation, for Ada
is preparing to get clear out of Ok-
lahoma City class. Byrd's Mill water,
you know.

As a matter of fact the United
States supreme court has always
side-stepped passing directly on the
validity of the Fourteenth and Fif-
teenth amendments to the constitu-
tion, and it now seems possible that
after half a century of uncertainty
it may be forced to do so by the
grandfather clause cases that are cer-
tain to be carried before it on ap-
peal if any convictions result from
the prosecutions of Oklahoma elec-
tion officials. From the action of the
court in times past it is not at all
impossible that the two amendments
will be knocked out. Their adoption
was very questionable to say the
least of it.

The pulling and hauling this way
and that by the present legislature
with the general result that every-
thing is done at a snail's pace, again
reminds one that there are too many
members of the body to accomplish
speedy results. It has always been
our notion that the number of legis-
lators should be cut in half and the
pay of the remaining ones doubled.
When that is done we may expect to
get some splendid results.

When you are doing a fellow a fa-
vor it is usually a very good plan
to remind him of it at the time. If
you do not, the chances are that he
will take it as a matter of course
and tomorrow demand as an inher-
ent right that which you did for him
today as a special favor, and feel
aggrieved if you do not grant the
same concession as today.

New Frisco Service Popular.

The present service of the Frisco
is coming to be very popular with
the traveling public. In fact, a man
can reach any point to the north or
south at almost any time the notion
happens to strike him, and travel in
the most comfortable manner known
to the modern world. Traveling over
that road is no longer something to
be dreaded but something to look for-
ward to with the keenest of pleasure.

To Organize Retailers' Association.
R. W. Kelly, assistant state man-
ager of the Oklahoma Retailers' As-
sociation is around meeting the mer-
chants of Ada today arranging to ef-
fect an organization here. He an-
nounces that a meeting will be held
at Judge Powers' office at the city
hall tomorrow afternoon at 3 o'clock.

"Something About a Yearling."

This morning Jim Wooly, deputy
sheriff of Steedman, brought in Sci-
pio Bruner, Jr., and placed him in
charge of the county boarding house
keeper. "Something about a yearling,"
they politely expressed it at
the sheriff's office.

"Something About Liquor."

A druggist from Allen by the name
of Knox was brought in yesterday on
a charge of violating the prohibition
law.

The Ada National bank is greatly
improving its premises by having the
brick sidewalk on the east side of
the building torn up and a concrete
walk built out entirely to the curb.
Also, the gap between the end of the
old walk and the curbing on the alley
to the north will be filled in.

W. B. Johnson has undertaken a
tough job. In other words, he being
the best posted Mason in the Ada
lodge has agreed to come to town
twice a week and drill the brethren
in the work. A good drill team will
soon be evolved from the material at
hand.

LEGISLATIVE HAPPENINGS

CRUCE GETS ACTION ON REGENTS
BILL—TAX ASSESSOR BILL
HANGS FIRE.

Oklahoma City, Feb. 23.—At a con-
ference held Wednesday night be-
tween Governor Lee Cruce and the
educational committee of the house
of representatives, the details of a
bill giving more power to the state
board of education were agreed up-
on. A sub-committee of the general
committee was appointed to draft the
bill which will be introduced into the
house Thursday morning.

The bill gives to the state board
of education complete and direct con-
trol over all higher educational in-
stitutions of the state, except the Ag-
ricultural and Mechanical college at
Stillwater. It will do away with eleven
boards of regents of the other edu-
cational institutions, placing the
schools under one board. The bill is
said to have the complete endorse-
ment of Governor Cruce and to meet
exactly his ideas of the way educa-
tional institutions should be manag-
ed.

The house of representatives work-
ed Wednesday, despite the fact that
it was Washington's birthday. There
is doubt, however, whether any formal
business can be done, such as final
roll calls on bills, etc., and for that
reason the house devoted the day
to the consideration of matters in
committee of the whole, and sent to
final roll call of local or technical
importance were cleared off the gen-
eral orders disposed of except for final
roll call.

The house recessed at noon until
2 o'clock in the afternoon, the two
hours recess and a page in the jour-
nal being in honor of the memory of
the "Father of His Country."

At the afternoon session the legal
check bill, by Wright of Oklahoma
City, a measure unanimously backed
by the retailers and bankers, came
up for a general discussion. It was
recommended for final passage, but
not until several changes had been
made in the bill, and with so many
of the legislators apparently against
making it illegal for a man to over-
draw his account that it is doubtful
whether the bill will pass finally.

Section 2, which originally allow-
ed a man ten days in which to put
funds in the bank to make his check
good, was stricken out of the bill.
Woodson attempted to amend it to
give the man overdrawn ninety
days; McClintic substituted thirty
days, but both were defeated. Glover
was successful with a motion specifi-
cally providing that the bill should
not apply to men overdrawn on
agreement with their bankers. Breed-
love won an amendment, extending
the illegality to drawing out funds
from a bank in order to defeat pay-
ment of a prior check.

The senate bill by Coffey, appro-
priating \$2,500,000 from the public
building in consolidated rural school
districts will receive further con-
sideration at the hands of the senate
as a result of its action in turn-
ing down a joint report from the com-
mittees on education and appropri-
ations, recommending that the bill do
not pass, and adopting a minority
report, recommending that the bill
be printed and placed on the calen-
dar, but without recommendations as
to whether it shall or shall not pass.

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become famil-
iar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"
DOES PAY!

News Publishing and Printing
Company

The minority report was called up
Wednesday afternoon by Senator Coffey,
author of the bill, and, although it
met with considerable opposition
in speeches made by senators, the
minority report was adopted—29 to
9.

Following this action, Senator
Cloonan asked for reconsideration of
the vote by which his bill, appropri-
ating \$3,000,000 for a state capital
building, was killed on an unfavor-
able committee report. The vote was
reconsidered, and the bill was re-
committed jointly to the committees
on appropriations and public build-
ings.

Several unsuccessful attempts were
made to bring the county assessor
bill up in the senate, but as Wednes-
day was not a house day it was held
that this could be accomplished only
by a suspension of the rules. The re-
quired majority for such suspension
could not be obtained.

The amendments to the bank guar-
anty law will soon be in the hands
of Governor Cruce for his approval
or rejection. As he has won every
point he contested for, it is a cer-
tainty that the amendatory bill will
be signed.

The joint conference committee of
the house and senate Wednesday af-
ternoon completed its work of ad-
justing the differences between the
two bodies. It is believed that its re-
port will be accepted without change.

The report provides that the house
should recede from its amendments
to the banking board section, which
leaves the board to be composed of
governor Cruce and two men to be
appointed by him without any res-
trictions as to their qualifications.
The house amendments provided that
the appointees should be practical
bankers of experience, but should
have no interest in banks. The house
to recede from its amendment re-
ducing from four to three per cent
the interest the banks are to pay on
their premiums to the guaranty fund,
which under the bill about to be com-
pleted, they are to keep as special
deposits.

The senate recedes from its objec-
tions to the house amendments rais-
ing the salaries of the bank examiners
and divorcing trust companies
from the benefits of the law.

The senate members of the con-
ference committee wanted to re-in-
sert the script sections, stricken out
by the house, but were overruled by
the majority of the committee, and
the ideas of depositors' script and
negotiable warrants on the guaranty
fund are both dead and likely to stay
that way.

THE NEFF COMPANY

PRESENTS ST. ELMO

St. Elmo, the drama presented last evening at the opera house by the Neff-Pennington Co., drew a much larger house than the attraction the evening before, a fact which indi- cates that the citizens of Ada have been fully convinced that this com- pany presents nothing but the best and cleanest things on the boards to- day.

St. Elmo is a dramatization of the famous novel by Augusta Evans Wil- son. It is one of the strongest char- acter novels of any age and the Neff-Pennington company is able to pre- sent it in its best form. The audi- ence last evening was held from the beginning and every one expressed himself as highly pleased with the performance.

The attraction for this evening is a comedy entitled: "He Fell in Love With His Wife."

J. B. Ingram returned this after- noon from a business visit to Ponto- toc, Stonewall and Atoka.

You can sell used musical instru- ments through classified advertising. Most of them are sold in this way. There's always a probable buyer read- ing the ads. 270-dtf

W. R. Brandon Will Speak.

W. R. Brandon requests the News to announce that Saturday afternoon at 2:30 o'clock, he will make a talk to the citizens of Ada on the street. He will discuss the problems of a well governed city and desires the presence of every person in Ada who desires to see the town improved morally.

CAUSES 95 PER CENT OF DISEASE

Advice Concerning Stomach Troubles and How to Remedy Them.

Do not neglect indigestion which leads to all sorts of ills and com- plications. An eminent doctor once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

A physician who made a specialty of stomach troubles, particularly dys- pepsia, after years of study perfect- ed the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dys- pepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indig- estion and chronic dyspepsia. Their ingredients are soothing and heal- ing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will in- sure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you en- tire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store—The Rexall Store. The Gwin & Mays Drug Co.

GEN. WM. T. CABELL DIES AT DALLAS

Dallas, Tex., Feb. 23.—Gen. William Lewis Cabell, a soldier of high distinction in the Civil War and known best as a vigorous advocate for the recognition of Confederate soldiers since that time, passed away peacefully at 9:30 o'clock last night at his home, 264 (old number) North Pearl street.

The funeral will be with full military honors either Saturday afternoon or Sunday. Following a request of Gen. Cabell, the body will be carried to the grave on a caisson. Sterling Price Camp, United Confederate Vet-

erans, will act as an escort of honor. It is expected that many Confederate soldiers from this and adjoining states will be in attendance and many men prominent in other walks of life will be present. Details of the funeral will be arranged today.

Ten weeks ago he suffered a severe attack of acute bronchitis, but rallied from this and became better. This left his heart very weak and told seriously on his vitality.

His condition during the last two or three days has been nothing to cause additional alarm. Yesterday he slept the greater portion of the day. Last night a son, Ben E. Cabell, and a daughter, Mrs. E. B. Muse, were sitting in an adjoining room, when Mrs. Muse was moved to go to her father's room.

CALUMET BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

Use CALUMET—the Modern Baking Powder. At all Grocers.

er. She entered the room and found that life had departed.

There was no struggle, no evidence that death had come. Lying in an easy attitude, with hands folded across his breast, the old general seemed more to be sleeping peacefully than to have entered the realm of eternal rest. Beneath the flowing gray locks a half smile showed on the face. The expression denoted contentment, almost pected and for which he was in all things prepared.

E. L. Todd of Elwood, Ind., and Miss Kathryn Yeater of Osgood, Ind., arrived today to handle an advertising proposition. Miss Yeater was once a citizen of Ada, having been employed by the News for some months about four years ago.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.
